

Wheatherstone Newsletter

Fall, 1999

Your Board has met each month during the spring and summer months, and is pleased to report that our Wheatherstone residents appear to be enjoying life here with us in our lovely setting in Mountain Park.

Board meetings are held the 4th Thursday of each month, at the Mountain Park Rec. Center library, at 7:30 PM. You are invited and encouraged to attend any and all meetings, and to voice any opinions or suggestions you might have.

General Maintenance Notes: At this time, all roof treatments have been completed, as has all scheduled painting. Your treasurer, Greg Nelson, volunteered to re-paint the red fire-lane strip on the curb on upper Wheatherstone Street, which he has completed. There are some landscaping questions regarding trees and shrubs which are in need of replacing in the common area, and this will be scheduled next spring as the weather permits.

An on-going concern is the need for maintenance and repairs of the streets themselves, which are the property of Wheatherstone, and this is being investigated. Hopefully the repair will mean longer life for those streets; without repairs the extensive re-paving cost would be extremely expensive.

One of our members, Dr. Harold Osterud, has undergone a successful brain surgery, and is recuperating very well, we are happy to report.

Our neighbors, Jim and Joanne Pemberton, have sold their home at #68 to a Lake Oswego family.

We were saddened to learn of the death of Bob Flora at #26, and extend our sympathy to his family.

Our neighbor, Rosemary Galbraith at #6 was married this summer to Doug. Caudell and we extend our warm congratulations to them.

Michael Wey from #84 has kindly repaired gas mantles in our gas lamps when they have needed help, and we want to express our appreciation.

New handbooks complete with telephone numbers were distributed this summer. The phone numbers for John and Eleanor Hanan should be corrected to read: 697-2787, and Linda Adlard to 697-1609.

As fall arrives, we will soon close the automatic sprinkling system. If we have some warm weather after that is done, you may wish to give it a temporary "fix" with the hose. Leaves and yard debris will be picked up when properly bagged and left at the curb, by the Mountain Park crew. Call Mountain Park office for details.

If you have suggestions or thoughts for the next newsletter to be included with next quarter's billing, please call Margaret Ford: 636-8211.

Happy Autumn!

Your Wheatherstone Board
